JOIN OUR TANDEM PROGRAMME!

Friendships are essential for our well-being - but also for the functioning of society as a whole.

Studies found that expats in Germany have excellent career opportunities but find it hard to make friends among locals.

Start with a Friend e.V. and **Newcomer Service Aachen** have thus started a partnership to bring Locals and Newcomers together.

Our tandems are about friendship and broadening horizons together. Each of our tandems is unique - depending on the preferences and schedules of both partners.
